DRAFT MINUTES

PRESENT: Cllrs. Julie Morten (Chair), Joanna Collins, Cedric Gilbert, John Gould, Morgan Jackson, Tracy Thorpe (Clerk) and 3 members of the public.

21/09/1 Apologies for absence. DCC Cllr. Nigel Gourlay. Noted.

21/09/2 Declarations of interests. None.

21/09/3 Public speaking – max 10 min. A local resident attended the meeting in her role as Renovation Co-ordinator for the proposed works at the Methodist Chapel in Barber Booth. She put forward the point that Chapel is in danger of going out of use if the current planning application is refused. The proposed work will provide water, drains, heating and parking to the Chapel without which they are unable to get public funding for any projects. The parking proposal is for 5 parking spaces to enable visitors from other regions and disabled users to have easier access without having to rely on the goodwill of local residents for parking. The new car park will not be for general public use and will be behind the Chapel gates. Two other members of the public attended to support the application.

21/09/4 Chairman's announcements (Not for discussion) DCC Cllr. Gourlay has forwarded information on potential funding available to Parish Councils for celebrations in 2022 for the Queen's platinum jubilee. Add to October agenda.

21/09/5 Minutes of previous meetings.

Minutes for the Parish Council Meeting of 14th July 2021 were proposed for adoption as a true representation of the meeting by Cllr. Gould and seconded by Cllr. Collins. Adopted. Signed by Cllr. Morten as Chair.

21/09/6 Report on matters arising from the minutes (unless noted for discussion later in the meeting). A response has been received from PDNPA regarding the issue of a public footpath stile with no dog-gate (21/07/7.7) they have passed the matter on to the National Trust. Clerk to convey this response to the original complainant.

21/09/7.1 Asset register health & safety check (21/07/7.2). Cllr. Gould is in the process of completing this check. Carry forward to October agenda.

21/09/7.2 Red telephone box at Upper Booth

21/09/7.3 High Peak Borough Council Consultation - Proposal to Cease Council Tax Benefit Support Payments. Following discussion of the outlined options, the Council unanimously agreed to back Option 3, the phasing out of the Grant over 2 years. Proposed by Cllr. Gilbert. Seconded by Cllr. Gould. Clerk to respond to the consultation.

21/09/7.4 Alternative venue required for January Parish Council meeting. This is due to the Village Hall being repainted. Cllr. Jackson offered to provide a venue. Details will be agreed nearer to the time.

21/09/7.5 Highways England A57 Link Road Scheme. The Council had a discussion on the implications of this development. Cllrs. Collins and Gould stated that in their opinion the scheme will increase traffic into the Peak Park and thus also into Hope Valley. Cllrs. Morten, Jackson and Gilbert stated that they believe it will ease the bottleneck of traffic through Mottram. After more discussion the Council remained split for and against this scheme. It was agreed that they should respond individually to the consultation. Clerk to convey this to Highways England.

21/09/7.6 Remembrance Day Wreath. The wreath will be obtained from the same RBL co-ordinator as last year. Clerk to pass on the request.

21/09/7.7 Consultation - S.211 Notification of works to trees in Edale Conservation Area. Due to the number of complaints received from local residents a Tree Protection Order (TPO) has been registered by PDNPA for the

woodland area at Edale Station. As this only refers to one part of the proposed works the Clerk is to contact the planning department for more information as to what will happen next.

21/09/8 Planning.

New Applications:

21/09/8.1 NP/HPK/0521/0508 Edale Methodist Church, Barber Booth, Edale. To re-point rather than re-render the east and north walls of the chapel. To build a wheelchair accessible pathway (1200mm wide) from the end of the existing paved path in front of the Chapel to the proposed accessible toilet facilities in the rear offshot. To build a low retaining wall behind the chapel alongside the new path to protect the back wall foundation (which is at higher level). Fitting a stove, the flue pipe of which would project through the church gable (west) then up through the rear roof slope of the schoolroom (and therefore not be visible from the front). The creation of an easily accessible, communal rear garden. Creation of a small car parking area at the front left of the building. This would involve moving and widening the existing gate posts.

Following the representation during ‘public speaking’ the Council discussed the proposed works and all were in agreement that the work in respect of providing water, drains and heating is essential and should be allowed to go ahead. In respect of the parking, whereas some of the Cllrs. viewed the proposed car park as important to the continuing operations of the Chapel and a benefit to the community in general, the point was also made that up until now the Chapel has operated without a dedicated car park. The question was raised as to whether the need for parking had been fully demonstrated and all other options properly explored. A vote was taken, and with 4 Councillors for and 1 against, Edale Parish Council will support this application. Clerk to report this to the Planning Authority.
